

Fall Ball Parent Information Sheet

Welcome to California Prospects Baseball! We are a highly competitive baseball program that aspires to prepare you for the next level. We provide a positive and professional training environment where our experienced coaches and instructors take a hands-on approach to your development. Our goal at Prospects Baseball is to help players achieve success at all levels of baseball from high school to college and beyond!

Registration

Players must complete and submit a registration form with a deposit payment of \$125 to secure a roster spot, pending a tryout (at the discretion of Prospects coaches). Total fees for the Fall are \$250 and you may submit in the form of two payments by October 1st.

Schedule

We will play 6 games over the course of 6 Saturdays this Fall. In the event that we have a rainout, the team will meet at our indoor facility in Dublin to continue training and development. Games will not be made up, however, we will have no rainouts. Training will occur each of the Saturdays listed rain or shine.

Event Tracker

Event Tracker is our online way to update player attendance. We require all players to input their availability. This tool allows players and parents to inform coaches about players' schedules.

Uniforms

Prospects Baseball supplies each player with the highest quality uniforms. We will provide each player with a new hat, practice shirt, and jersey. Players are expected to supply the following items themselves: white pants (no piping needed), navy socks, navy belt, and navy undershirt. We collect all jerseys at the end of the season.

Bats

Players will swing wood bats and are asked to supply their own wood bat. We recommend the highest quality wood bats by Sandlot Stiks (SandlotStiks.com). If you are not sure which model to swing we can help...just ask!

Parent and Player Cooperation

Parents are expected to help facilitate player growth throughout the Fall by getting players to events on time, provide proper nutrition and rest, and support coaches over the course of the Fall.

We appreciate that you have decided to play for Prospects Baseball because of the direction we try to provide to aspiring athletes. Having parental support makes all the difference between player growth and players being uncoachable. Typically players who are uncoachable stem from families who are not open to doing things a different way. In baseball and in life there are many ways to accomplish a task, at Prospects Baseball we will try to provide players with a variety of methods for success on the field.

This fall we will be teaching players in game strategy, proper fundamentals and mechanics, nutrition tips and facts, physical training methods and as many other ways as we can to prepare for success. The more support we can garner from parents the stronger our program will be. Thank you!
